Become a G4POS reseller

Reseller accounts are for businesses that resell point-of-sale hardware: integrators, dealers and consultants. The account is free, with no commitment.

● Wholesale pricing

You buy at wholesale prices. The margin you negotiate with your client stays yours.

● Stock in Québec

Hardware is kept in stock in Québec and ships from Québec.

● Training and support

We train your teams on the catalogue products. Our technical support team works in French and English.

● Your choice of software

G4POS does not sell point-of-sale software. You choose your client's.

How to open an account
